

Gen Health is seeking...

New Graduate Podiatrist for 2022

Permanent full-time Podiatrist, with the option of 64 hours per fortnight if preferred by the successful applicant.

Must have current AHPRA registration, Victorian Police Check, Working With Children Check, First Aid and CPR Certificate.

Applications close 5pm, 29th October 2021.

Gen Health Hamilton, **winner of the Southern Grampians Shire Telstra Business Awards 2016 & 2018**, is a vibrant Allied Health clinic, combining Physiotherapy, Podiatry, Exercise Physiology, and Clinical Reformer Therapy (Clinical Pilates). Since its inception, Gen Health has revolutionised patient outcomes in our region.

Located in the Western District of Victoria, Hamilton is surrounded by the world-renowned [Great Ocean Road](#), the stunning [Grampians National Park](#), numerous local wineries and the [Coonawarra wine region](#) only a short drive away. Hamilton is a beautiful place to live with so much to see and explore!

Our focus at Gen Health is on a collaborative and modern approach to healthcare - which we feel is built from a strong team environment, based around Professional Development and the latest Evidence-Based Practice. We build on team empowerment by entrusting team members with a high level of allocated responsibility, within the daily operations and decision-making.

Team

Our team currently consists of five physiotherapists, three podiatrists, two exercise physiologists & an administration team of seven. Gen Health has the capacity to service over 500 patients per week, including more than 100 Clinical Reformer Therapy classes.

What We Can Offer You

Gen Health offers a flexible working environment & strongly encourages work/life balance. We are seeking full time employment (but negotiable) with a maximum of 38 hours per week. An attractive remuneration package will be discussed with the successful applicant.

This package also includes;

- Annually, \$1000 towards your choice of Professional Development training
- 1:1 mentoring from our practitioners in their specialised fields
- Weekly 1:1 Professional Development sessions
- The opportunity to specialise in your interested area of Podiatry
- Fortnightly Professional Development sessions with all practitioners (team)
- 2 x paid breaks per day
- 2 x paid administration breaks per week
- 2 x Paid 'Healthy Days' per year
- Quarterly 'buddy mentor catch ups'
- Monthly social events
- Flexible hours and working environment
- Inclusive role in the running of Gen Health
- A structured career pathway to enable you to grow your Podiatry career in the direction you desire
- Varied caseload of treating patients including; paediatrics, adolescents, nail surgery, general nail care, footwear education and fitting, running and exercise programs and orthotics.
- Generous adjustments to your appointment schedule to allow adequate training & administration.
- Training in the use of our online exercise program, Physitrack
- Assistance from us with finding permanent accommodation in Hamilton
- A rare opportunity to grow and develop your skills in a nurtured team environment of young, highly qualified professionals

What Can You Bring?

Our new Podiatrist would need to be a team player, enthusiastic, interested in community events and passionate about furthering their career. They must also be personally and professionally aligned with the values that represent Gen Health.

This is a team environment in which all practitioners have a strong focus on working together. We share patients when necessary, and often have joint consults between physio, podiatry or EP. This really sets us apart from the standard expectations associated with Allied Health. We also encourage our practitioners to explore special interests within

their field and the community.

Values

Our culture is guided strongly by our mission

“together strengthening the health of our local community”

and our 6 key values

Striving for outstanding SERVICE

Fostering PROACTIVE mindsets

Leading with EMPATHY

Harbouring a TEAM environment

Translating the latest EVIDENCE into practice

Being a collaborative COMMUNITY

with all decisions and attitudes reflecting these priorities.

Vision

Our vision, to be 'the most collaborative evidence based health network in the region' shines through with our practitioners' passion for furthering their careers. With our commitment to on-going education, Gen Health's speciality fields now include;

- Pelvic Health Physiotherapy
- Persistent Pain
- Paediatric Physiotherapy & Podiatry
- Exercise Science
- Chronic Disease Management
- Individualised Running Assessments and Training Plans
- Vestibular Rehabilitation
- Hand Therapy & Orthotic Splinting
- Acute Sports Injury Management
- Tendinopathy Management
- 'Lyn Watson' Shoulder Injury Management

To Apply

We work together professionally as a team and our culture is something unique. If this sounds like a team you would like to be a part of, please apply via cover letter and curriculum vitae. Please email your application to jessica@genhealthhamilton.com.au and include your favourite ice-cream flavour listed in the subject line! We respond to applications within 2 business days of receiving them, and let you know more about our recruitment process from there.
